Collaborative

Dear Sir/Madam,

The Sport, Fitness and Recreation Workforce Development Collaborative which has been guiding the work of the industry Skills Formation Strategy would like to invite you and your members/associates to participate in a short survey to gather some data about volunteers, including the spread and amount of their volunteering activities and their motivations.

The survey, which is being managed by Volunteering Queensland, will provide some valuable data which will be used to help identify new strategies to support and potentially recruit volunteers. The data will be held by Volunteering Queensland and the Skills Alliance and a summary of the overall results will be made available to the industry and to the Department of Communities, Sport and Recreation Services. The results will hopefully be of value to the Departments Sport and Recreation Volunteer Reference Group.

In order for the survey to be representative I hope that you will be able to encourage as many of your members/associates as possible to participate. The survey is to be undertaken on line and should take about 20 minutes to complete. Answering is as simple as following the link below:

<http://www.surveymonkey.com/s/2NBV8YD>

The survey can be anonymous, but for those prepared to provide their contact details 5 prizes of \$20 Myer Gift Vouchers are on offer. The contact details will only be used to contact the prize winners.

If you have any queries about the survey, please do not hesitate to contact me on the numbers below.

Regards,

Stewart Cooke
